

OXON Active Foam

PRODUCT DESCRIPTION:

Pre-spotting agent with active foam for laundry. Active oxygen and surfactants based foam. Ideal on oxidisable stains, grease, grass, wine, tomato, coffee, etc.

- Wide action range on stains
- Active foam which releases oxygen
- High concentration of surfactants for a high degreasing action
- Active also on dry stains
- Delicate on colours and fibres
- It doesn't leave halos and it is neutral on colours
- Ideal for any kind of garment

DIRECTION FOR USE:

Hygienfresh® Oxon pre-treating foam is used pure on dirty parties of the garment, before washing it. We recommend to spray the product and leave the foam act for maximum 5 minutes and then wash.

Warning: On coloured garments and/or delicate garments test the product on a hidden part. Do not spray on metallic parts and do not expose treated garment to direct sunlight or to heat sources before washing it.

Complementary action of HygienFresh broad spectrum stain removers:
